

# Welcome Page

The Welcome Page is a kind of portal within Automise, providing access to recent projects, news about current releases, tips of the day and other useful links. To show the Welcome Page, click the Welcome tab in the top left of the main window.

The screenshot shows the Automise Welcome Page interface. At the top left, there is a tab labeled "Welcome" with a close button. The main header "Automise" is prominently displayed. Below the header, the page is divided into two main sections: "Shortcuts" and "Recent Projects".

**Shortcuts:**

- New Project
- Open Project
- Show Example Projects
- Configure
- Forums

Last Modified: 2/11/2015 11:06:55 AM  
Last Run: 23/10/2015 11:14:17 AM (**Failure**)

## Getting Started

The Getting Started section contains useful links:

- Create a new project
- Open an existing project
- Getting started tutorial - opens a tutorial recommended for first-time users.
- Open help file
- Automise Support Forums - takes you to the online support forums where you can get help from VSoft support staff and other users. The forums are opened in your default web browser.

## Tip Of The Day

A new tip of the day loads automatically each time you open Automise.

## Learn More About

These links point to help on the most important concepts you need to know about. If you're new to Automise, we suggest having a read.

## Newsfeed

The Newsfeed displays an RSS feed of recent events of interest. There are several feeds available, such as news, blogs, and latest articles. You can also choose any RSS feed you like, by clicking on the "Customise" link as well as disabling the newsfeed completely.
