

NuGet Delete Action

The image shows a 'NuGet Delete' dialog box with a dark theme. It has a title bar with a close button (X). Below the title bar are three tabs: 'General', 'Runtime', and 'NuGet Delete' (which is selected and highlighted in blue). The main area is divided into two sections. The first section, titled 'NuGet delete' with a document icon, contains two text input fields: 'Package ID' with the value 'CompanyFork_RestAPI' and 'Package version' with the value '1.0.0.0'. The second section, titled 'Optional parameters' with a small icon, contains a text input field for 'Source'. At the bottom right of the dialog are three buttons: 'OK', 'Cancel', and 'Help'.
