Test Archive Action

The Test Archive actions allows you to test the integrity of an archive in any of the following formats:

Zip, 7z, GZip, BZip2, TAR

Settings

Files & Directories

Archive Name

Specify the name of the new archive. The file extension should match the type of archive you are creating (eg. ZIP)

Root Directory

You can optionally set this to a directory so that the included files can be relative to this directory

Working Directory

Any temporary files will be placed in this directory
Options

Recurse

Specify how it should deal with sub-folders

Password

Specify a password to protect the archive. You'll need to supply this password to decrypt the archive

Exclude

Exclude Files

Specify any files or filespecs to exclude from the archive.
