

Hyper V Reset VM Action

The Reset VM action allows you to reset a virtual machine.

Specify the Hyper V Server settings, see [Hyper V Server page](#).

On the Reset VM page provide the name of the virtual machine to be reset.

The screenshot shows a dark-themed dialog box titled "Hyper V Reset VM". It has a tabbed interface with four tabs: "General", "Runtime", "Hyper V Server", and "Reset VM". The "Reset VM" tab is currently selected and highlighted in red. Below the tabs, there is a section titled "Reset VM" with a blue circular icon containing a white 'C' and a small blue arrow. Underneath this, the text "Virtual machine:" is followed by a text input field containing the text "Windows8_1_Pro". At the bottom of the dialog, there are three buttons: "OK", "Cancel", and "Help".
