

# NPM Actions

Note that the NPM actions are only available from version 1.7

The NPM actions in Continua are a wrapper around the NPM command line. If you're having trouble using any of the NPM actions, please refer to the [NPM Command Line Reference](#).

- [NPM Install Action](#)
- [NPM Pack Action](#)
- [NPM Publish Action](#)
- [NPM Run Action](#)
- [NPM Update Action](#)
