Help

Name

A friendly name for this action (will be displayed in the [actions workflow area](#)).

Enabled

Determines if this action will be run within the relevant stage.

Existing Directory

Enter the full path and directory you want renamed.

New Name

The new name of the directory.

Fail if directory exists

If the final directory being created exists then the action will fail.

Ignore warnings

If this is ticked, any warnings logged will not mark the action with a warning status.
