

SQL Package

The SQL Package actions are wrappers for the SqlPackage.exe command line. If you're having trouble using any of these actions, please refer to the [SQL Package command line reference](#).

Note that these actions are [Premium Actions](#) and will require at least one paid license.

- [SQL Package Export Action](#)
- [SQL Package Extract Action](#)
- [SQL Package Import Action](#)
- [SQL Package Publish Action](#)
- [SQL Package Script Action](#)
