

Clean Directory Action

This action will remove the contents of the specified directory.

Details

The image shows a 'Clean Directory' dialog box with a red border. It has three tabs: 'General', 'Runtime', and 'Details', with 'Details' being the active tab. The dialog is titled 'Clean Directory' in the top-left corner, and has a red 'X' close button in the top-right corner. Below the tabs, there is a section labeled 'Clean directory' with a folder icon and a text input field containing 'c:\temp'. Below this, there is a section labeled 'Options' with a document icon and a checkbox labeled 'Fail if directory does not exist' which is checked. At the bottom right, there are three buttons: 'OK', 'Cancel', and 'Help'.
